Subject: AB/16/26/DOC

AB/16/26/DOC

Address: Flat 4 50 Tarrant Street Arundel BN18 9DN

Proposal: Approval of details reserved by condition under AB/17/23/L relating to condition 3- Door reinstatement details.

Comments: It is understood that the original door will be reinstated following completion of the proposed works, which is acceptable.

The colour on the existing door and elevation more generally has a softened, weathered and slightly faded appearance. Reference is made to the timber being “painted to match original in Heritage Green”. Whilst this approach sounds acceptable, heritage green is not a specific or defined colour which we can reference.

While a traditional green finish is acceptable in principle, it is important that the colour and finish match the existing door and surrounding joinery as it currently appears, rather than as a new or freshly applied colour. The reason being that a bright, newly applied or highly saturated green would appear visually prominent and out of character with the remainder of this aged appearance and would therefore be unacceptable.

Accordingly, the reinstated door should be painted in subdued, muted colours that match the existing faded finish, so that it sits comfortably with the neighbouring doors, windows and brickwork.
