Dear Anita,

Thank you for sending through the basement floor approval, it is very much appreciated and I can now plan progress.

I'm sorry you still can't open the fireplace plan. I will try and send as a PDF but if not will just drop hard copies into the office. It is the plan that was in the original planning application from Victoria Holland, AB/99/18/L and dwg no 115 which you can probably access. She had presented a semi-detailed plan in the application which we used along with the clients information on the simple National Trust type fireplaces. In any event the detail on 115 just replicates the fireplace which is already in the house which has been considered acceptable.

I hope this helps.

Kind regards

Terry

Sincerely,

Dear Mrs Gardner,

Are you able to please advise if we will be receiving a decision on the outstanding conditions soon?

In particular the basement work is key to the project regarding the amount of work to complete and we are unsure how to allocate labour based on when a decision is forthcoming and whether we have done enough to clear the condition.

Having called several times and simply transferred to answer machines I am finding it difficult to even discuss with anyone.

Kind regards

Terry Tunmore
