before clicking or opening.

Dear Hebe

Apologies for the delay in getting to you. Please see attached the revised Location and Block Plan. Please let me know if this is what is required.

- *Base dimensions are 700 x 600mm at the widest points, it's slightly oval shape.*
- *Steel base plates are 1000mm long and will extend approximately 200mm either side of the wooden base. These will have 16x750mm(approx) metal stakes driven through 4 holes in the plates, driven in at an angle to create anchor points. These plates will be set 300mm below ground level and will be backfilled with type1 Mot and soil on top to allow grass to grow. See quick sketch attached.*

Please do holler if you have nay other quetsions,

Many thanks

Kind regards

Juliette

Good afternoon,

I am the case officer for your application for planning permission for the sculpture near the roundabout at Arundel. I have taken a look at the plans provided, and have a couple of queries/requests.

- The location plan shows the site coloured in red. Please could you amend this plan so that the site is outlined in a single red line, which extends up to the public highway (Torton Hill Road).
- The proposed block plan could be interpreted as showing that the base of the sculpture would be 6m wide. From the elevation provided, this doesn't appear to be the case. Please could you provide an amended block plan, with the base of the sculpture drawn to scale, or alternatively, I think a single point marking the location of the sculpture would also be acceptable.

If you have any questions about these points, please don't hesitate to contact me.

Kind regards,

Hebe Smith (she/her)
