Subject: Tree Assessment (TPO Survey) - Electricity Sub Station Land adjacent to 1 Ford Road, Arundel.

Planning reference: **AB/21/19/T**

I have been asked by our planning department to assess trees on this site, with a view to making a Tree Preservation Order (TPO).

Having visited the site I am satisfied that no trees (individual or group) are of such merit as to qualify for the making of an Order.

That said, it may be useful for the applicant to note that there are trees in close proximity to the site, which are already the subject of an Order.

It appears that the applicant does not require formal consent from the local planning authority before undertaking the tree work proposed and therefore should be invited to withdraw this application.

Regards,

Mark Warwick
