Hello Iqraa,

I hope you've had a good weekend.

Please find the revised floor plan attached, which now contains the room labels as requested. I sent the revised block/site plan over on Friday, which now shows the distances to each boundary.

In my email to you, I also confirmed that I was happy with your proposed revised description - though having looked at other applications, I would suggest appending the purpose at the end of the description i.e. the letter from Arun proposed 'Erection of a single storey outbuilding to rear' whereas the successful applications I've seen appear to also append the purpose e.g. 'Erection of a single storey outbuilding to rear for use as an office'.

However, happy to go with what you think is best - if it makes no difference, then all good, and I'll go with your recommendation

It would be greatly appreciated if you could confirm the amended plans are acceptable and whether you have any other requests or queries against the application.
