FAO Mrs D Johnson

Please find attached the following information as requested to complete the application;

Design and Access Statement incorporating The Economic Development Statement.

2A Arun Street does form part of the site however this is effectively part of the current retail use under 67-69 Tarrant Street as there is no separation between the three 'addresses'. I have amended the drawings and the Design and Access Statement to include 2A Arun Street in the address.

789 SU001 A with the corrected plan and elevation annotation and the title including 2A Arun Street in the application site.

789 PL001 D with amendments to the basement floor level indicating a recessed bin store off Arun Street serving both 67 and 69 Tarrant Street and the title including 2A Arun Street in the application site.

The bin storage has been noted in the Design and Access Statement and on the drawings to provide separate off street secure lockable bin storage areas for two wheelie bins per property — 1 for general waste and 1 for recycling.

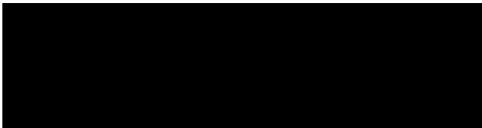

Collection will be from the street side.

I trust this is now sufficient information for the application to be validated and registered.
