Subject: FW: AB/25/18/A & AB/26/18/L Swan - Arundel Further Revised Drawing
Importance: High

Good morning please can you pass this email to Andrew Wood the case officer for The Swan Hotel Advert and Listed Building applications.

Good morning Andrew,

Apologies, we have been asked to amend the signage scheme further and have attached the re-revised drawing, the addition is an accommodation panel added to the bottom of the existing wall mounted pictorial sign the size is 900mm long x 200mm high and 50mm deep with approx. 50mm gap between the panels, the construction is the same as the existing pictorial and the height from the ground to the underside is 3770mm.

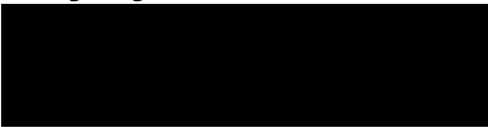

As mentioned in our telephone conversation please do not hesitate to contact me if you require any further information.

Thank you for your assistance in this matter.

Kind regards

Julie

Good afternoon please can you pass this amended drawing to the planning officer Andrew Wood

Andrew,

Hope you had a good holiday.

Our customer has advised that they are now to retain the existing pictorial panel and noticed that the floodlights to illuminate the building are shown in all the photos and elevation drawings but had not been specified on the front schedule this has been amended and does need to be included within the application please.

I will give you a ring to next week to discuss.

Thank you.

Kind regards

Julie
