Dear Nicola

Apologies - please find attached the 2 documents both as PDFs. I hope I have got it right this time.

Best Wishes
Janet

Good Morning Janet

Thank you for the photo showing the proposed elevation. Unfortunately I am unable to upload it to our website in the current format, please could you attach it as a PDF. Please also clearly label the photo 'Proposed'.

With regards to the Block Plan, this is a validation requirement, you will therefore be required to submit an up to date plan at 1:500 or 1:200.

Kind Regards

Nicky

Hi Nicky

Here is the proposed front elevation- it's the same image as submitted but I was asked to change the name to PROPOSED

In terms of the block plan I have removed it from the application as it wrongly mentioned the extraction system from a previous application. I don't have a clean copy of the clock plan but don't believe it's critical to the application as the proposed work is just change of colour to the front elevation paintwork?

Please let me know if this is all ok?

Thank you
Janet

Dear Janet

With reference to your email below, thank you for clarifying regarding the extraction system.

Unfortunately I have not received the amendments from the portal. Please could you forward them direct to myself in PDF format. I will then upload them to the application.

Kind Regards

Nicky Moore

Dear Sir or Madam

Thank you for your email letter requesting clarification on a couple of points regarding my listed building consent application-
AB/25/22/L

1) submitted block plan- apologies I used an old block plan from a previous application by the previous owner . I can confirm we are NOT requesting permission/consent for any changes to the extraction system and ducting. I have removed this block plan from the application

2) yes the photo of 'The Steakist' is the proposed front elevation. As requested I have reloaded the photo onto the planning portal under the 'proposed front elevation' category

I hope this clarifies the detail of the application and that it can now be passed as a valid application

Thank you
Janet
