AB/88/25/L Request for Removal of Roof Tiles

Date (must be pre-application submission)

21/11/2025

Details of the pre-application advice received

We contacted the Local Authority 21/11/2025 following contact from the principal contractor Paul Bennett, appointed to undertake the approved chimney removal works (approval notices listed above). The contractor reported several concerning structural issues that became apparent during the preparatory stages of the project.

Given these findings, JJR were asked to seek urgent approval from the council for the temporary removal of the roof tiles across the entire roof to relieve load from the existing structure. We understood this was necessary to address immediate stability concerns. Once the tiles were removed and the structure was safe, we were able to identify the structural issues with our structural engineer. During this process we have been in regular contact with Martyn White Principal Conservation Officer.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
