21st March 2018

Dear Mrs Kiera Basham

**Development:**

The proposal relates to full planning permission for the replacement of five windows on the east side of the property. The existing windows were fitted when the building was converted in the 1970's and as such are single glazed with limited security features. The windows are made of aluminium.

The intention is to replace the original windows with five modern 'Crittall style' aluminium/steel double glazed windows. These will provide greatly enhanced thermal efficiency and security for the property, in a style that is in keeping with the historically use of the site as a warehouse. Windows of a similar style have recently been installed as part of the nearby Bevin & Bevin Warehouse redevelopment.

**Location:**

Flat 2 The Old Warehouse Arun Street ARUNDEL
