Hi Daun,

I confirm that that the proposed works are as listed in the Heritage Statement but can perhaps be summarised as the following;

Variations to the current consent including; A reduced cornice profile to Front Dormers, Installation of internal emergency fire curtain to kitchen screen, Formation of internal landing window, Installation of new external grade timber french doors and sidelights to west elevation & part glazing of new internal doors to rear hall.

I hope this description sufficiently covers the proposed works and trust the application can continue in validation.

Kind Regards,

Simon Harvey

Good afternoon,

I have just started to validate the above application. The description on the application form does not indicate the specific proposed works.

Can you come back to me with a description for the above?

Thanks,
Daun
