PROPOSED WORKS

Please state the type of proposal e.g. extension to a listed building, internal alterations, new structure in the grounds such as a garage.

REPLACEMENT WINDOWS TO FRONT ASPECT
STYLE TO MATCH

Please list all of the works proposed e.g. replacement windows, removal of internal wall, reinstatement of original staircase, damp proofing works to basement etc.

REPLACEMENT WINDOWS TO FRONT ASPECT x2
REPLACEMENT WINDOW TO REAR. STYLE TO
REPLICATE ORIGINAL.

What is the justification for the works?

WINDOWS ROTTEN. ENVIRONMENTAL - HEAT RETENTION / INSULATION.

How has the proposal been designed to conserve the significance of the heritage asset(s) including their setting?

Describe how the proposal has been designed to conserve and enhance the significance of the heritage assets (including below ground archaeology). Also describe how any harmful impacts have been avoided or minimised. For example, use of raft foundations, movement of the proposed extension to a less sensitive location.

WINDOWS DESIGNED TO REPLICATE ORIGINAL WINDOWS. NO ADVERSE EFFECT ON SURROUNDING AREA.

IMPACT ASSESSMENT

How will the proposals impact on the significance of the heritage asset(s) including their setting?

Please discuss what impact the proposals have on the heritage asset(s) including:

1. The likely impact of the proposed works on the significance of the buildings and/or its setting.
2. The scale and nature of any harm that would be caused to the significance of the building.
3. Any potential heritage benefits, including proposals which enhance or better reveal the significance of the buildings.

MINIMAL IMPACT. EXTERNAL ELEVATION WILL REMAIN UNCHANGED. BENEFIT IS IN MAINTAINING THE PROPERTY IN GOOD REPAIR.

Mitigation

If harm has been identified as a result of the proposals, what steps have been taken to mitigate it?

8 Other Non-Designated Heritage Asset (including below ground archaeology)

Please identify the names or address of the assets identified above?

ASSESSMENT OF SIGNIFICANCE

What is known about the affected heritage asset(s)?

Please describe the history, character and appearance of the heritage assets. As part of this you could provide information on past impacts – e.g. modern extension, drainage, former footings, recent landscaping etc.

You should also describe the development site, and its relationship to its surroundings. For example, the building's position in the street-scene, or the potential for archaeological interest which may extend beyond a scheduled monument.

You should refer to the statutory list description, scheduled monument description or conservation area character appraisal if available as a starting point. Please do not just copy and paste the listing description!

Please include / attach any research material as an addendum to this Statement.

What is important about the affected heritage asset(s) ('the significance')?

Use this space to describe what is important about the assets previously identified (otherwise referred to as the significance of the heritage assets), including their setting (and any below ground archaeology) identified in Section 3. Each asset should be discussed separately.

This won't always be necessary, particularly if the works are solely to repair or restore a heritage asset. But if some degree of harm has been identified you will need to explain what steps have been taken to avoid, minimise the harm. For example, is the intervention the minimum necessary? Are the works reversible? How has new work been designed to complement or harmonise with the existing? If any feature is to be lost or hidden, will it be recorded?
