

Materials
White Cottage
32 King Street

External Walls

bricks- reclaimed bricks retained from prior extension

extension walls and rebuilt walls of garage will be left unpainted to allow reclaimed brick to be seen

brick and flint to be used on section of wall closest to number 36 (but not the section behind the hedge) (image -actual bricks)

render- a sand and cement render to be applied where concrete hanging tiles will be removed. Exterior of house to be painted in white masonry paint, except where the walls are solid and made of flint and brick, where a white breathable lime wash will be applied

the choice of white paint and lime wash will be chosen to match each other and blend in appearance

Windows, Fenestration and Roof

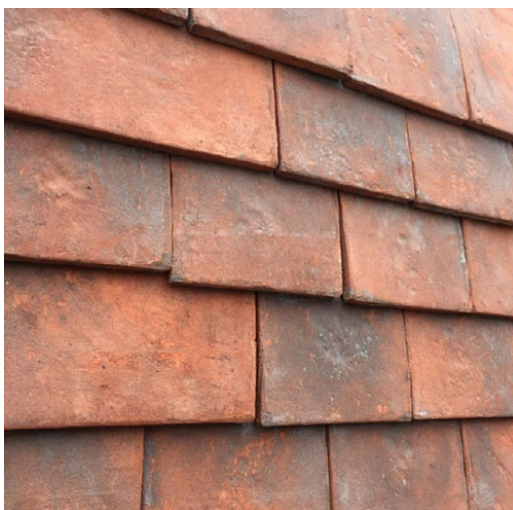

windows and patio doors- Residence 9 heritage style double glazed windows and doors in 'Painswick' with a single horizontal bar in each window section (Images- taken from internet to show examples)

roof lights- Velux CK04 Conservation roof windows (Image- taken from internet to show example)

roof tiles- Heritage conservation weathered clay plain tiles (Image taken from internet)

Reclaimed roof tiles from previous extension to be reused on garage roof to replace asbestos
