Dear Gail

With reference to your email below, please can you remove the scale bar and scale on the floor plans as they are not to scale. This will then be sufficient. With regards to the elevations, if you are unable to get a plan, a photograph will be sufficient. The photo should be submitted as a PDF.

Kind Regards

Nicky Moore

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Dear Nicola,

Please would you let me know if these floor plans are sufficient? They are to scale. The existing and proposed floor plans are the same - no change.

I am trying to find an elevation plan and am hoping the owners, Angmering Park Estate Trust, have one. Again the proposed and existing elevation will not change as there are no building works or changes proposed apart from change of use. We do not wish to alter anything, it's perfect as it is. Would you still require an elevation plan if there are no works? If so, if the Estate do not have one could you point me to where I can find one? Thank you.

Many apologies, I have never done this before so am rather clunky at it!

Kind regards,

Gail Marsh
