

Planning statement

In support of application for lawful development for a home office in the rear garden of 29 Tarrant Street, Arundel BN18 9DG.

3rd April 2022

This is to confirm that the proposed structure will be no more than 10m² and be no higher at its highest point than 2.5m.

I have researched this as thoroughly as I can but am not expert. I must also point out that it is further than 20m from the rear of the house. I apologise for the badly drawn Requestaplan thing. It was quite difficult to use, but I send it as I paid for it.

It will be used solely as an office during working hours. It does not require heating as it very highly insulated.

It will be supplied by [this company](#)

Many thanks

Max Prangnell
