Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- ☒ Yes
☐ No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposal comprises constructing a wooden home office in the back garden of 29 Tarrant Street. The garden is 5.8m wide and approximately 30m in length. The building would be at the far end of the garden away from the house and be 2.5m deep and 4m wide. It will replace two existing sheds and be partially used for storage as well as home-working. The only access to the building will be from the house. There is no rear access to 29 Tarrant Street. It will be 2.3m high at the lowest point of the eaves and 2.5m at the highest. It will be constructed offsite by thehulsmith.co.uk and arrive partially prefabricated. It will not be visible from any adjacent houses as the back garden is surrounded by a wall (2.6m high) in most places. The building will not join to the wall and construction requires a space of at least 60cm from any walls. It will have three windows and a door which opens out in to the garden.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- ☐ Yes
☒ No

Has the proposal been started?
