Proposal: Demolition of existing buildings & erection of a block of 46No. sheltered apartments for the elderly (comprising 22 x one bedroom apartments & 24 x two bedroom apartments age restricted to 60 years and over), with associated access electric buggy/cycle stores & refuse bin store & 32No. parking spaces.

Bats

The lighting scheme for the site will need to take into consideration the presence of bats in the local area and the scheme should minimise potential impacts to any bats using the trees, hedgerows and buildings by avoiding unnecessary artificial light spill through the use of directional light sources and shielding.

Nesting Birds

Any works to the trees or vegetation clearance on the site should only be undertaken outside of the bird breeding season which takes place between 1st March – 1st October. If works are required within this time an ecologist will need to check the site before any works take place (with 24 hours of any work).

Enhancements

There are a number of enhancements we would like to see onsite including;

- Any trees removed should be replace at a ratio of 2:1
- Wildlife friendly fencing to allow small mammals to move through the site
- Bats tubes
- Swift terrace and house martin cups as specified within the ecological survey section 10.
- Native species used within the planting scheme

Kind Regards

Liz
