Littlehampton.

Ref No AB/36/18/PL

Dear Sirs,

I despair at the way Renaissance are refusing to take on board the issues surrounding their application to develop the site at the Brewery, Fitzalan Road.

The AHA group lay out the case clearly and intelligently and all the people I know along the length of Fitzalan Road agree that the density and the lack of provision of affordable housing for the sake of profit is not acceptable. There are enough retirement flats already as shown by vacancies in the existing flats. I'm 74 and have no desire to see Arundel become just a retirement area. The Brewery itself has character and is worth converting and preserving. It's part of the history of the town.

Please don't let Renaissance bully the Council with their repeated applications into giving way on the Neighbourhood Plan.

Yours sincerely
