Subject: Proposal for 46 flats in Fitzalan Rd

I object to the above proposal. Breach of Arun plan, huge building out of place here, overlooks neighbours, only 32 car spaces whereas many more would be needed not just for 46 residents occupying spaces and not going out much, whereas extra spaces needed for visitors, staff, carers, and tradesmen. If southern water say there is serious risk of flooding that cannot be ignored. We need affordable homes for young families.

Can ADC build some to rent to families in need?

David Sunray.
