Dear Sirs,

7 Dalloway

Arendel,

BN18 9HT

19.8-2018

Please don't build more elderly residences! - we want the young people to stay. We need their energy & ideas for the future of Arendel. When we first came in 1982, Arendel was a thriving town - 2 Banks, a Building Society - Butchers, bakers

Green grocers, Wool shop. Bicycle
Shop - Shoe Shop & an ironmonger
(We strike me as fairies!) We
had a decent pharmacy - a good
transport system - you need it ~~to~~
go outside. All gone!

I am 90 years old now &
before I go I would love to see
Arendel a good place to live again
Jouwt's love coming - but it lets
you down if you love here!

-2-

So please Think again
before you put up your ugly
3 storey building for the old
ones. - Attract The young ones -
attract The bright future for
poor old Awendel.

Sincerely
