Dear Sir or Madam -

re: Renaissance Proposal, Arundel.

As a former resident of Arundel for 12 years, I really believe homes for young people are needed. Low cost and similar to the old 'Council' owned houses. We do not see many young people at all in our town, certainly not teenagers + above. This cannot go on as servicing of businesses is needed.

We already have the skills of many retired people - and their accommodation. Come on Arun, make a move for youngsters.

Yours faithfully
