

Planning application Ref AB/39/18/PL.

Mrs S E Roberson,

28 Pearson Road,

Arundel,

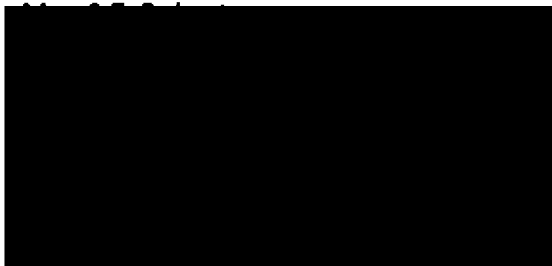

West Sussex,

BN 18 9HR

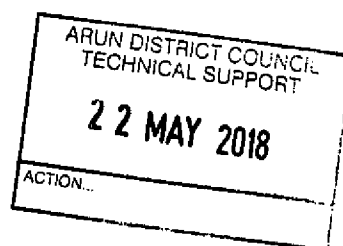

21ST May 2018.

Dear Sir, I would like to object to the building of 3, No 2 bedroom houses in the car park of Ellis close Arundel BN 18 9 LG on the grounds that the area is already saturated with cars , parking in Canada road, Pearson Road , and Jarvis roads are parked to capacity ,made worse by rat runners from ford road in transit to the A27 via Maxwell road Torton hill road , Torton Hill, Pearson road , Jarvis road ,to the A27 the reverse happens at night , A27 via Jarvis Road , Canada road, to the Roundabout at Ford road. and A27 to Jarvis road ,Pearson Road, Torton hill down to Maxwell road, to join Ford road , The normal traffic to the Doctors Surgery up and down Canada road & also the school traffic up and down twice daily on Pearson road, Jarvis road and Canada road, the existing car park at Ellis close serves the houses well and any visitors to the houses. the car park has usually got in it at least 10 to 14 cars in the evening and more at the week end please try to not make our life's any more complicated than what it is at the moment the residents need to have cars to get to work close by. Does this Development restrict or stop access to the back gardens pathway of Pearson Road ?

Yours Sincerely,

Planning application AB/39/18/PL

Mr D Stillwell,
30 Pearson Road,
Arundel,
West Sussex,
BN18 9HR
20th May 2018.

Dear sir, I would like to object to the proposed building of 3 no 2 bedroom houses in the car park adjacent to Ellis close buildings, I feel the data was gathered during working hours when the car park users were at work. In the evening when the residents are back from work the car park houses 10 to 15 cars which rise's at the weekend Fri. to Monday, The Area Has seen a huge rise in through traffic from School access, Doctors Surgery Access, Rat runners, Residents have a problem parking Normally without the removal of the Ellis close car Park facility, Please try to not complicate the residents life's more complicated than it already is.

Yours Sincerely

A large black rectangular box redacting the signature of Mr D, Stillwell.

Mr D, Stillwell.
