

Essential maintenance is being carried out to the planning, building control and local land charges database during the week commencing 12 April 2021.

During this time there will be no public or staff access to any records held within this database, and it will not be possible to carry out any of the following tasks via the Arun website:

- Research planning and building control history
- View any planning applications, plans, agreements, tree preservation orders or competent persons data
- Submit building control applications
- Submit planning application comments
- Report any planning compliance issues

The publicity and consultation period for all planning applications that fall over this week will be extended by a further week to ensure no one is disadvantaged.

All other aspects of planning, building control and local land charges will be limited during this week and you are strongly advised to contact the individual departments before 12 April 2021 for specific restrictions during this time.

Subject: AB/39/21/DOC

AB/39/21/DOC

19 Maltravers Street Arundel BN18 9AP

Approval of details reserved by condition imposed under ref AB/125/20/L relating to Condition Nos 3 - details of junction between elevation of extension & flat roof including materials, 4 - materials & finishes for brick & brick bond, 5 - details of new external door including materials, finish & method of glazing, 6 - materials & finishes for rooflight and 7 - details of internal window including proposed glazing

Whilst generally acceptable, I do make the following comments:

- It would help to have further information regarding the interior window: what will the glazing bars look like? Will they be integral or applied to the frame?
- I note that the intention is to revise the treatment of the small areas either side of the rear elevation door from brick to render and use the same paint colour as already present on the listed building. Whilst this approach seems to be acceptable, it would be different from the approved plans, and potentially require formal amendment?
