Dear Richard

Further to your email received on 19th January, thank you for clarifying the application is for Prior Approval. The form required for this application is not currently available on the Planning Portal. I have attached a PDF for you to complete and return to me.

With regards to the fee required, I have checked government website:

<https://www.gov.uk/guidance/fees-for-planning-applications#fees-for-specific-application-types>

Fees for specific application types

How are fees calculated for prior approval applications?

Where the principle of development has already been established by a permitted development right, as set out in in Schedule 2 to the Town and Country Planning (General Permitted Development) Order 2015, it usually means that there is no requirement to submit a planning application. However, in certain circumstances, a developer has to submit a request to the local planning authority to determine whether its prior approval will be required for specific elements of the development.

A fee for a prior approval application is payable in relation to certain types of development authorised by the 2015 Order. The amounts are payable every time an application for prior approval is made.

Kind Regards

Nicky Moore

Dear Nicola

Further to your letter, 19th January 2021 I confirm the following:

- The application is submitted to determine Prior Approval for a proposed enlargement of a dwelling house as previous reference AB/114/20/PD.
- The previous application was refused, we are submitting an application within 12 months of the refusal. I understand this does not trigger an additional fee if we submit within the 12-month period?
- The Form was filled in online via the planning portal.

Please contact me today with your response. Should there be additional information required we will supply today.

I look forward to hearing from you.

Regards

Richard
