Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: AB/55/20/PL
Site Address: 5 The Old Slipway River Road Arundel BN18 9EY
Description of works: New second floor Juliet balcony. This application may affect the character & appearance of the Arundel Conservation Area.

Thank you for your internet representation made on 29th June 2020 which has been recorded as no objection with the comments as follows:

OWPC28087

The Old Slipway, dating to the late 1980's, occupies a prominent position in River Road and also as viewed from the river and from locations in Fitzalan Road.

The design of the building is an indifferent pastiche of traditional riverside warehousing.

Nevertheless, the general form of the river elevation follows that of the late 20th Century riverfront infilling developments located between the old river bridge and the western end of Tarrant Street.

The scale, materials, proportions and sizes of these proposed balconies are sympathetic with those of the host building. The installation of these appropriately sized and proportioned structures provides visual interest on the river elevation.

It is suggested that a condition be attached to any planning permission requiring details of the colour of the paintwork for the balconies since it will be important to ensure a consistent colour scheme for all these new structures on the river elevation of the building. The new french doors also need to match existing ones in external appearance, including colour.

In conclusion, it is considered that the proposal will not harm the character or appearance of the conservation area and will comply with the relevant paragraphs of the NPPF 2019 and policies contained in the Arun District Local Plan 2018 relating to the protection of such areas.

Your views as made above will be considered before the application is determined.
