With reference to site visit at River Road Arundel.

Covers Builders Merchants transport manager Mr Martyn Hazard has visited the proposed site location. He ascertained that access will be possible to site via Tarrant Street with a rear wheel steer vehicle only (Mercedes Axor with 26 Tonne Gross weight). Access may also be possible for articulated vehicles providing the removable barriers presumably can be removed and a suitably skilled positive attitude driver is at the wheel as there is a fair amount of reversing involved, this in my opinion is to be avoided.

Many thanks

Sean Clarke
