Please see planning reference as subject.

Thank you for your response.

The hazel stand on the right hand side is causing damage to the neighbouring building, therefore we would like to completely remove 7 limbs from the back of the stand to leave a 1.5 foot gap between the stand and the building.

The bay clump is also causing damage to the neighbouring building, we would like to completely dismantle 11 trees from the clump and pollard the remaining 7 to a height of 2.7 meters, removing approximately 5 meters.

If you require more information then please let me know.

Thank you
Henry Lane
