Zac

I visited site earlier today, to consider the above Notice. I saw no ash tree at the property within Conservation Area. I did not have access to the application at that time (subsequently uploaded by Julia), but on my return to the office, I checked the TPO's which the applicant refers to. None of the following list an ash tree in a schedule: TPO/AB/3/93, /AB/1/04, AB/2/82.

I therefore conclude that our consent is not required to undertake the work being asked for.

Please could you confirm and if necessary advise the applicant/allow the 6weeks to expire.

Regards,

Mark
