Dear Sir/Madam,

**Town & Country Planning Act 1990 (as amended)**  
**Town and Country Planning (Development Management Procedure) (England) Order 2015**

Application No: AB/6/25/PL  
Site Address: Sparks Yard 18 Tarrant Street Arundel BN18 9DJ  
Description of works: Conversion of existing single residential unit with associated commercial space to form 3 No. residential units together with associated works and rear/side extension. This application affects the setting of listed building, affects the character and appearance of the Arundel Conservation Area, is in CIL Zone 2 and is CIL Liable as new flats.

Thank you for your internet representation made on 21st February 2025 which has been recorded as an objection with the comments as follows:

OWPC74482

I don't oppose a sensitive conversion to this historic building but the amount of disruption, pollution, noise and hold ups from this development in an already congested street, does need to be addressed. The neighbouring houses are going to feel the effects of this construction work for months at a time, many of them are in a fragile state themselves prone to small cracks in their structure from endless passing traffic. How will the addition of excavations and removal of soil into skips in the street be handled.

By any measure this is a massive overdevelopment of an landmark building with no positive enhancement for the Town.

I read that parking 'wasn't considered a problem'; I think you should try and park anywhere near Tarrant Street now.

I hope a solution can be found which saves this building but not to the detriment to the rest of the residents.

Your views as made above will be considered before the application is determined.
