Description of works: Conversion of existing mixed use space to 1 No. 1- bedroom flat. This application affects the character & appearance of the Arundel Conservation Area & affects the setting of a Listed Building.

Thank you for your internet representation made on 27th July 2020 which has been recorded as an objection with the comments as follows:

These applications contain a serious "error". In answer to "Q2, Applications to Remove or Vary Conditions on an Existing Planning Permission", the applicant has answered "NO" which also invalidates his answer to Q3. There is in fact an existing qualified approval under AB/49/17/L which states that the space concerned is only to be used as an annexe to the existing ground floor flat. The Council at that time cited overdevelopment of the site as its principle reason for the restriction.

Please note that the current applicant previously objected to the 2017 application, so we fail to understand how he can now be carrying out works prior to applying for permission and expecting the restriction to be removed. Unless that is, he now owns that part of the building - which he does - and is assuming permission will follow through using the retrospective process and/or going to appeal.

Your views as made above will be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish your comments on the website. Please make sure that you have only provided information that you are happy will be published in this way. If you have supplied information belonging to a third party, you must make sure you have their permission to do so. If you do not wish your comments to appear on the website or on the file you will need to confirm this by emailing to planning@arun.gov.uk and I will arrange for it to be destroyed although this means that the content will then be disregarded.

The majority of applications are determined under delegated powers by officers. Further information on the decision making process can be found on the website at :<https://www.arun.gov.uk/planning-decision-process>.

Some applications will be determined by the Development Control Committee, and I shall write and inform you of the date of the meeting and the procedures for public speaking if this is the case. However, if your representation has been received after the agenda for the meeting has been finalised and the notifications have been generated, you will not receive notification. In this case, you will need to track the progress of the application on the council's website <https://www.arun.gov.uk/weekly-lists>

Any comments that are received after the agenda has been finalised will be separately reported to the members of the Development Control Committee.

Regardless of how the application is determined I will notify you of the decision.

Yours sincerely

Neil Crowther
Group Head of Planning
