Dear Kathryn, in response to the report from Brian Bannister at The Conservation Area Advisory Panel dated 07.07.2021 regarding the above application I have the following comments:

1. We note the objection regarding double glazing but as you will see from the application Martyn White has already addressed this matter and concluded that windows in upper stories can be acceptable.
2. In the side elevation of Avola House Arundel at low level in Bakers Arms Hill there has recently been approved and, installed, a double glazed semi-circular window set into a new frame.
3. Regarding the condition of windows for which we are seeking approval, an inspection was undertaken by a window specialist but not collated or linked to the window reference numbers shown on the application. This is now being checked and will be submitted as soon as possible. Can you please advise by when this needs to be on your desk.

Kind regards
Graham
