YOUR REFS: AB/75/21/L and AB/76/21/HOU

Dear Kathryn, in response to the request by the conservation panel I now attach the Schedule of Condition of existing windows together with the proposal for each window. This schedule was originally compiled some months ago by a window joinery and I have re-visited the property with them in order to gather more information resulting in the attached document.

We were tempted to omit all reference to new double glazing to some high level windows but, bearing in mind the opinion of Martyn White referred to before, we have retained this proposal in the interests of energy saving which will, I feel, eventually become the norm where not particularly prominent.

Kind regards
Graham Nicolls
