Dear Charlie,

to quicken this process are you able provide me with a photo of the 'dead' tree and a plan showing where the tree is positioned.
Otherwise I'll visit and get back within the next few weeks.

Regards

Ian

Hi Ian,

We have a problem and we need your help!

We have received an application for the address above which has not got a TPO on it but is in a Conservation area, they have stated in there application form (please see attached) that the trees in question are in fact dead. I have checked with Nicola who advised me that we need your confirmation before making any decisions as to whether the application has to be returned. Are you able to go on site and confirm that the trees are dead?? I am aware you are on leave until next week and will be extremely busy on your return, however we do need to make a decision by lunch time Wednesday 31st August.

Thank you in advance

Charlie
