Apologies Zac, accidentally pushed send.

I have attached various new revised documents below.

First is a 'revised plan statement' which describes which plans and elevations supersede which plans/elevations, and also details changes between the plans.

I have also revised the description, and the design and access statement, and also the heritage statement as this had some 3D pictures in it which are now incorrect.

Then of course I have attached PDFs of the old proposed plans and elevations and the new ones.

I hope that this is clear, and is all that you require.

However please let me know if I need to do more. Otherwise I will await your advice re extension time.

Best regards,

Jon Tanner

Dear Mr Tanner,

If you wish to make changes to the plans, please submit full plans, with a statement detailing which plans supersede which plans (e.g Proposed Elevations Rev.A **for** Proposed Elevations Rev. B). Also, please detail all of the changes between the plans.

I would then contact you regarding an Extension of Time, as the proposal would need to be re-advertised.

Please do not hesitate to contact me with any further enquiries.

Kind regards,

Zac

Good day Zach.

Re our earlier discussions concerning our pre plan application PAA/68/19/, and our subsequent applications referenced above which I believe was passed through to you a couple of weeks ago, we unfortunately need to make some changes to the plans, and wondered how we should proceed.

Our new proposal would be very unobtrusive as it is only a one story extension with roof terrace above, in same position as existing roof terrace but a little longer. I have attached 2 3D images of existing and proposed below.

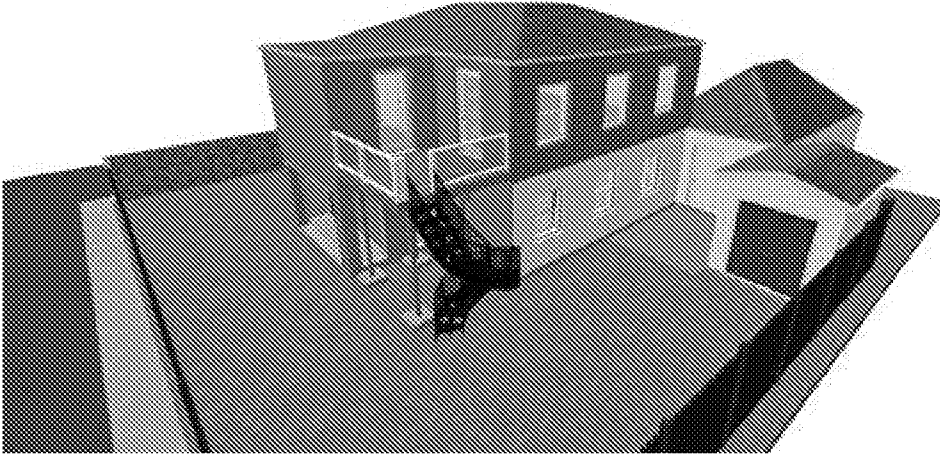

Are we able to do this at this stage, and if so what do you need from us?

My apologies for this rather untimely request, and I await your further advice.

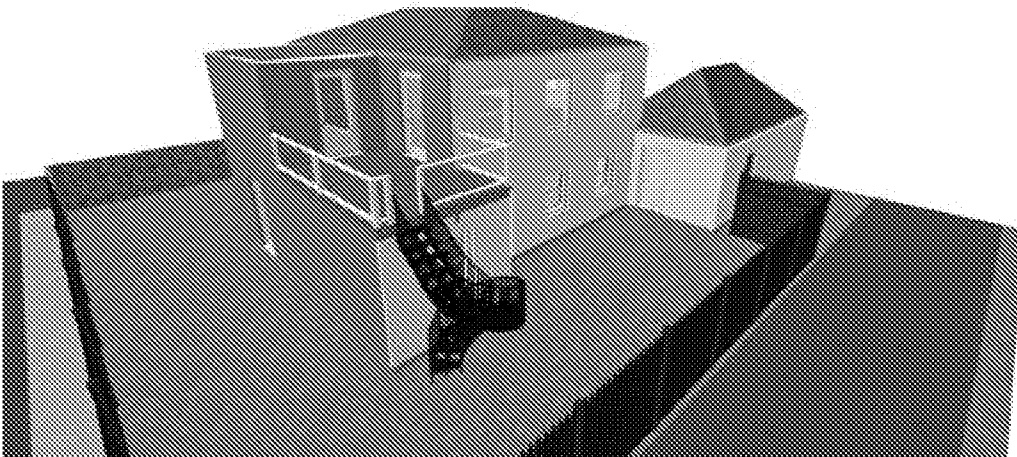

Best regards,

Jon Tanner
