

Description:

Remove first floor 'stilted' roof terrace and replace with ground floor extension and new first floor roof terrace.

Convert adjacent ground floor covered walkway into small room.

Build two storey rear extension, with roof lantern and terrace/balcony.

Put in extra window on ground floor eastern (side) elevation, and replace window with door on ground floor South (rear) elevation.

Remove red tiles on first floor rear wall (added in 2007) and replace with white render.
