Details of changes between plans

1. Ground and first floor extension with roof lantern and roof terrace at rear of property has been removed.
2. Ground floor extension with roof terrace, in position of existing stilted roof terrace, has been lengthened by 1.7 metres towards rear boundary.
3. Access to this roof terrace will be via new double French doors from living area, replacing existing single door.
4. Existing covered walkway that was going to be converted to en-suite for existing bedroom 1 will now just be bricked up to create outside storage, with double doors on western elevation.

5. Proposed ground floor window on eastern elevation no longer required.
6. Removal of some internal stud walls no longer required
