Hi David,

Happy New Year to you too – glad to see you are raring to go!

Yes, the proposed extension is fine. I trust that DSP will continue to liaise directly with our own viability consultants at BNP to keep things moving as swiftly as possible (albeit keeping us both in the loop)?

Do you have any questions at all following the issue of our update note? Happy to discuss if so.

Alex

Alex,

Happy New Year for 2020!!

We are awaiting confirmation of the quotation from the independent QS. Emily from Dixon Searle said she will forward this on to me as soon as she receives it.

The current target date for decision is 16th January 2020. It is unlikely this will be met at this stage due to the above. In the meantime would you be ok with an ext. of time until 6th February 2020?

With regards,

David Spring
Planning

Importance: High

David, Richard,

We note that upon Richard's departure from the Council – as of Tuesday next week – David will be our Case Officer moving forward.

As promised, and to assist this handover, please find attached an update note that summarises the position of the application. In particular it provides our understanding of the position of all key consultees. It also provides an update of the discussions that are taking place at our end with various consultees – Highways, Drainage and Viability specifically.

I trust this is helpful.

As discussed we would be pleased to arrange a provisional meeting date for the new year – likely early to mid January – that would provide an opportunity for us to review progress on all fronts and agree a determination deadline for the application. **We would be grateful at this stage if we could work towards an end of January determination date at the latest.**

I look forward to hearing from you in due course.

Kind regards,

Alex Munro ([REDACTED])
