David,

Thank you for your email.

As requested, and following the informal submission of the updated drainage scheme to your colleagues Paul and Roger, please find attached both the site and construction details and calculation report for formal sign-off. For ease I have also attached the recent email exchange between our engineers and Arun DC's drainage team concluding that their objection can now be removed subject to condition.

Please let me know if you require any further information to allow you to conclude your report.

Otherwise, I look forward to receiving a suite of draft condition in due course.

Kind regards,

Alex

Alex,

Please see e mail trail below. Good news in terms of drainage but in order for Paul to give planning a final consultation response we need you to submit all current revisions/correspondence, etc. Please send this info in and I will get that final response from Drainage and West Sussex County Council Lead Local Flood Authority.

With thanks,

David Spring B.Sc, M.Sc, M.A
