Good morning Jochen,

Thank you for your email, I hope you are well!

I have spoken to my Team Leader, and we do not believe that the proposed changes can be made under a s73 application.

This is because previously it was specified in the description that 'roof lights' would be used, and therefore, to change these to dormers cannot be done under a s73, as it would be outside of the operative wording of the original description.

Please do not hesitate to contact me with any further queries you may have.

Kind regards,

Zac

Subject: 65 Tarrant Street, AB/89/18/PL - Insertion of Dormer Windows

Dear Zac

I hope you are well and not too affected by the Corona situation!

We write in respect of the above planning application, which you were the case officer for. We would like to make a change to the consented proposal, installing dormer windows instead of the roof lights. Please find attached drawings for your information.

Could you please confirm whether this can be done via a 'removal or variation of condition' application.

We look forward to hearing from you.

Many Thanks

Jochen Driessle
