Dear Anita

Please find attached the sound report letter provided by the air conditioning company.

While this stops short of a full acoustic report to BS4142, it shows that sound levels are very low and unlikely to be perceptible in a town centre location adjacent to a public car park, and it does appear to provide the additional information requested by your environmental health consultant.

Should you require further information please contact me.

Kind regards

Clint

Dear Mr Clements

Further to your telephone message please see the attached environmental health officer's comments.

Accordingly, I would appreciate receipt of this additional information within the next 2 weeks. To allow time for receipt and re-consultation with our environmental health officer's I would be grateful for your agreement to an extension of time until 17-10-2017.

Regards

Anita Gardner
