Dear Anita

I confirm that we are happy to agree a further extension of time as requested.

I will submit further acoustic information in due course.

Kind regards

Clint

Dear Mr Clements,

Please see the comments of the environmental health officer below. Unless I hear from you by the end of the week to confirm that the requested information will be submitted within the next 10 days and that you agree to a further extension of time of one month until 17-11-2017 the application will proceed to a refusal.

Regards

Anita Gardner

Dear Anita,

Thank you for forwarding Mr Andrew Roberts' letter, 17 September 2017, for my attention. This refers to noise readings carried out by him in respect of the above Planning Application in his position as Contracts Manager for 'ICE,' Air Conditioning Units (etc) provider. Unfortunately, this does not constitute an Acoustic Report carried out in accordance with the provisions of BS4142. My comments, 8th September 2017 therefor still apply. I look forward to receiving such a Report together with mitigation measures that may be necessary to safeguard the amenity of nearby residents.

Kind regards
Carol

Carol,

The attached letter has been received in response to my request for further information. Does this satisfactorily address your concerns?

Thanks
Anita

Dear Anita

Please find attached the sound report letter provided by the air conditioning company.

While this stops short of a full acoustic report to BS4142, it shows that sound levels are very low and unlikely to be perceptible in a town centre location adjacent to a public car park, and it does appear to provide the additional information requested by your environmental health consultant.

Should you require further information please contact me.

Kind regards

Clint
