Details of the pre-application advice received

Conclude that were an application for planning permission to be submitted for a redevelopment for 3 dwellings, then it would likely be supported. However, a larger 9 dwelling scheme would likely be refused on the grounds that it would undermine the delivery of a comprehensively planned settlement and fail to provide a high quality development with a sense of place contrary to policies D DM1, H SP2c and H SP2 of the Arun Local Plan 2011-2031. However, the principle of development on this site is considered to be acceptable. The matter of scale and how the site relates to the existing and planned surrounding development to be considered further.

☒ Yes ☐ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
