Hi,

Thanks, Environmental Health are satisfied that Condition 10 can be discharged. Just waiting for the expansion of the information if a lighting complaint is received.

Thanks

Fiona

Hi Fiona,

Here are the documents you cannot view. Yes the CMP is REV B.

I do not have any newer information received from Darren as requested below. I will email him now.

Kind regards,
Karen

Hi Karen,

Further to my previous response to this application for Condition 7 (CMP), I asked for further detail on their complaint procedure in the CMP should there be a lighting complaint. They have just stated 'in the event of any queries or concerns the site manager is contactable'. Given that we have already had a lighting complaint about this site, I would appreciate it if they could expand more to advise of their complaint procedure in the event of a lighting complaint. I am satisfied with the noise part of the CMP, now they have put more detail into it.

I haven't been able to find confirmation of the fact that the Lighting Schedule complies with Zone E2 of the ILP guidance – as discussed there are a couple of documents that the Planning Portal seems intent to keep me away from! If you could point me to the documentation that contains the Zone E2 confirmation I would be very grateful.

Thanks

Fiona
