Dear Mr Kennett,

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Approval of details reserved by condition imposed under ref AL/3/19/PL relating to Condition Nos 5 - soft landscaping plan & landscape and ecology management plan; 7 - external lighting; 10 - Construction Management Plan; 13 - employment and skills plan; 14 - broadband provision; 15 - electric vehicle charging strategy; 16 - renewable energy; 19 - surface water drainage; 20 - discharge flows and 21 - surface water drainage maintenance and management

Nyton Nursery Nyton Road Westergate PO20 3UQ

Notification regarding the above application:

Condition Number 16

At least 10% of the total predicted energy requirements for the development (taking into account energy efficiency measures) will be generated through renewable or low carbon energy generation on site. The Local Planning Authority will consider 'allowable solutions' where it is clearly demonstrated that the provision of on-site renewable or low carbon energy generation is unviable or not feasible and where equivalent energy savings can be demonstrated.

Details and a timetable of how this is to be achieved for the development hereby approved, including details of physical works on site, shall be submitted to and approved in writing by the Local Planning Authority before development of the dwellings hereby approved commences. The development shall be implemented in accordance with the approved details and timetable and will be retained as operational thereafter, unless otherwise agreed in writing by the Local Planning Authority.

Reason: In order to secure on site renewable energy in accordance with national planning policy, in accordance with policy ECC SP2 of the Arun Local Plan. It is considered necessary for this to be a pre-commencement condition to ensure that the requisite infrastructure is designed into the housing development.

Decision:

Arun District Council have decided to **APPROVE details reserved by this condition**

The Energy Statement dated July 2019 by JSP Ltd submitted on 24/12/2019 provides information to satisfy the requirements of this condition. Measures are in place to provide solar panels, energy saving lighting and property insulation for this development. Therefore, this condition can be discharged.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours sincerely
