Subject: Re: A1/107/RES Hallam Land - Committee 26th April 2017

Dear Mr Roberts

Thank you for your response.

The PARish Council requested a deferment of this application on 19th April. If this was not actioned by you as a request to the Chair of the Planning Committee then the PARish Council needs to know why.

It appears the applicant is allowed to make changes to this application and rebuttals of the Parish Councils expert advice but the Parish Council is not allowed time to respond?

This is neither open or transparent.

The Parish Council wishes to respond to the applicants rebuttal concerning the drainage and layout proposals; they are linked.

Please carry out the request and ask the Chair of Planning or whoever has the authority to defer this application. As residents have been informed by the developer that work is starting next week this matter is of the utmost urgency.

Kind Regards

Joanne Brown

Dear Mrs Brown,

Thank you for your e-mails. I have only had a chance to review them today.

As you will be aware the Parish Council was invited to comment on the Planning Application as a consultee. Your Council has kindly provided a response and has also provided an assessment of the drainage matters. We have used these to inform our assessment of the application. We will be updating the Committee on the progress that has been made in seeking to resolve the outstanding drainage matters. We will ensure that your Councils request to defer the consideration of the application is brought to the attention of the Committee. It will be for the Committee to decide upon your request. Whilst, I understand why your Council's has made such a request I must add that there is no formal requirement upon the Council to re-consult the Parish Council. Whilst, we welcome any additional representations we believe the current recommendation to the Committee remains appropriate.

I can also confirm that your formal complaint and separate FOI request are being addressed separately.

Regards

Karl Roberts

Dear Mr Roberts

I have not had a response to the request to defer this application due to be considered at the Planning Committee meeting on 26th April, I have spoken to Lucy today however she does not have the authority to make this decision.

I was told by Cllr Ballard that this would be considered today - neither he nor I have had any contact from yourself regarding this matter.

This is totally unacceptable and I request a response in writing please with the reasons for not deferring the application to allow the Parish Council to comment further on the application..

Dear Mr Roberts

In the absence of any response or acknowledgement of my urgent email of 19th April regarding the request to defer this application, the Parish Council has instructed its consultant to review the applicants rebuttal of the objections to the proposed drainage scheme.

You will be aware that there is very little time to undertake this work.

Please could I therefore have an urgent response to the Parish Councils request to defer this application until the next Planning Committee meeting

Kind Regards
