Thank you for your internet representation made on 23rd September 2021 which has been recorded as an objection with the comments as follows:

OWPC40598

I feel this development is on land that floods regularly and could very easily put existing properties in the area in danger of flooding. The project is on too large scale and would cause a huge difference in noise pollution and further congest traffic in the area once in place. Houses would very much overshadow the existing bungalows in the area and should at least be limited to bungalows if any development takes place. Development of the land would destroy the wildlife haven and rural nature of the local villages which are being amalgamated into huge residential areas everywhere in the locality.

Your views as made above will be considered before the application is determined.
