Thank you for your internet representation made on 25th November 2025 which has been recorded as support with the comments as follows:

OWPC79996

I would like to register my support for Application AL/107/25/PL

Having recently worked at West Barn I have seen firsthand how the restraints of Biodot's existing offices and display areas hinder the development and promotion of their expanding business.

BioDot are a significant life science and technology company. They work with health care leaders to provide diagnostic equipment for the detection and confirmation of illness and disease,. Their diagnostic systems test for pregnancy, Diabetes, Covid, Sepsis, etc. Those in the local community and wider area should realise that a jewel in the crown of Life Science technology is on their doorstep.

The proposed development will form a vibrant courtyard setting which will enhance and blend into an already established thriving commercial setting.

Your views as made above will be considered before the application is determined.
