Dear Mrs Easton

Application Ref: AL/109/18/T

Thank you for the response granting permission for me to carry out work on the trees at my home.

I would like to give you the required 7 day notice for work to start after Thursday 14th February 2019.

My son is a qualified Tree Surgeon, and the intention is to carry out some of the work before the end of February 2019. The priority will be to remove the parts of the trees closest to the building first, thereby helping reduce the risk of damage to the property roof and walls.

Work on reducing other branches over the garden area could be delayed until later summer in the May/August period.

Yours sincerely
