Subject: Prior Notification of Works to Tree(s) In A Conservation Area - AL/110/25/TC

Reference: **AL/110/25/TC**

Proposal: Repollard 1no. willow (T3) to leave a height of 8m and spread of 4m. Repollard 1no. willow (T5) to leave a height of 12m and spread of 4m. These trees are located in the Church Road, Aldingbourne Conservation Area.

Location: Field House, Church Road, Aldingbourne, PO20 3TT

I undertook a desktop review on 22nd December 2025, which was adequate for me to determine this Town & Country Planning Act 1990 (as amended) s211 Notice.

I am satisfied this work will not result in harm to the character or appearance of the conservation area, if undertaken to a high standard and at the right time.

Conclusion

I raise **No Objection** and see no reason to make a Tree Preservation Order.

Recommended INFORMATIVE: Hard pruning creates numerous and/or large wounds, incurring a physiological stress which may affect long-term health and vitality. The optimum time to prune a willow tree is spring (late) to summer.
