Thanks Simon.

We are still waiting on some reports, so I thought it would be best to get the DAS and LVIAS over to you so these could be uploaded asap.

They can be found at the link here: [REDACTED]

Let me know if there are any issues.

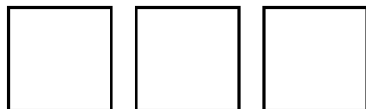

Thanks,
Maddi

Thanks Simon that's useful.

The SCI has the consultation email address [REDACTED] referenced throughout the report and feedback forms – can this remain if Cratus give permission?

Thanks,
Maddi

Maddi,

Our guidance states that the following have to be blocked out:

All phone numbers, email addresses and signatures on application forms, covering letters, statement, legal agreements and documents. The only exception is a phone number and/or email address on a plan as this forms part of the copyright. If there are signatures on the plan this does need to be redacted- it is rare for a plan to be signed.

We do need to redact car registration numbers in photographs. We need to check all photos, for example in representations, as part of the application and in statements. If photographs are submitted you need to redact children and people's faces if they can be identified in the picture.

Kind Regards

Morning Simon,

The team are currently updating their reports to remove contact information as per your discussion with Lorna. Would it be best if all the redacted information, as per the scans, is blocked out?

There are some bits of information that have been removed in error, such as the below which is only a website name. Are these ok to stay?

Greenfield runoff rate estimation for sites
